

ECO-TEK™

Laying Patterns

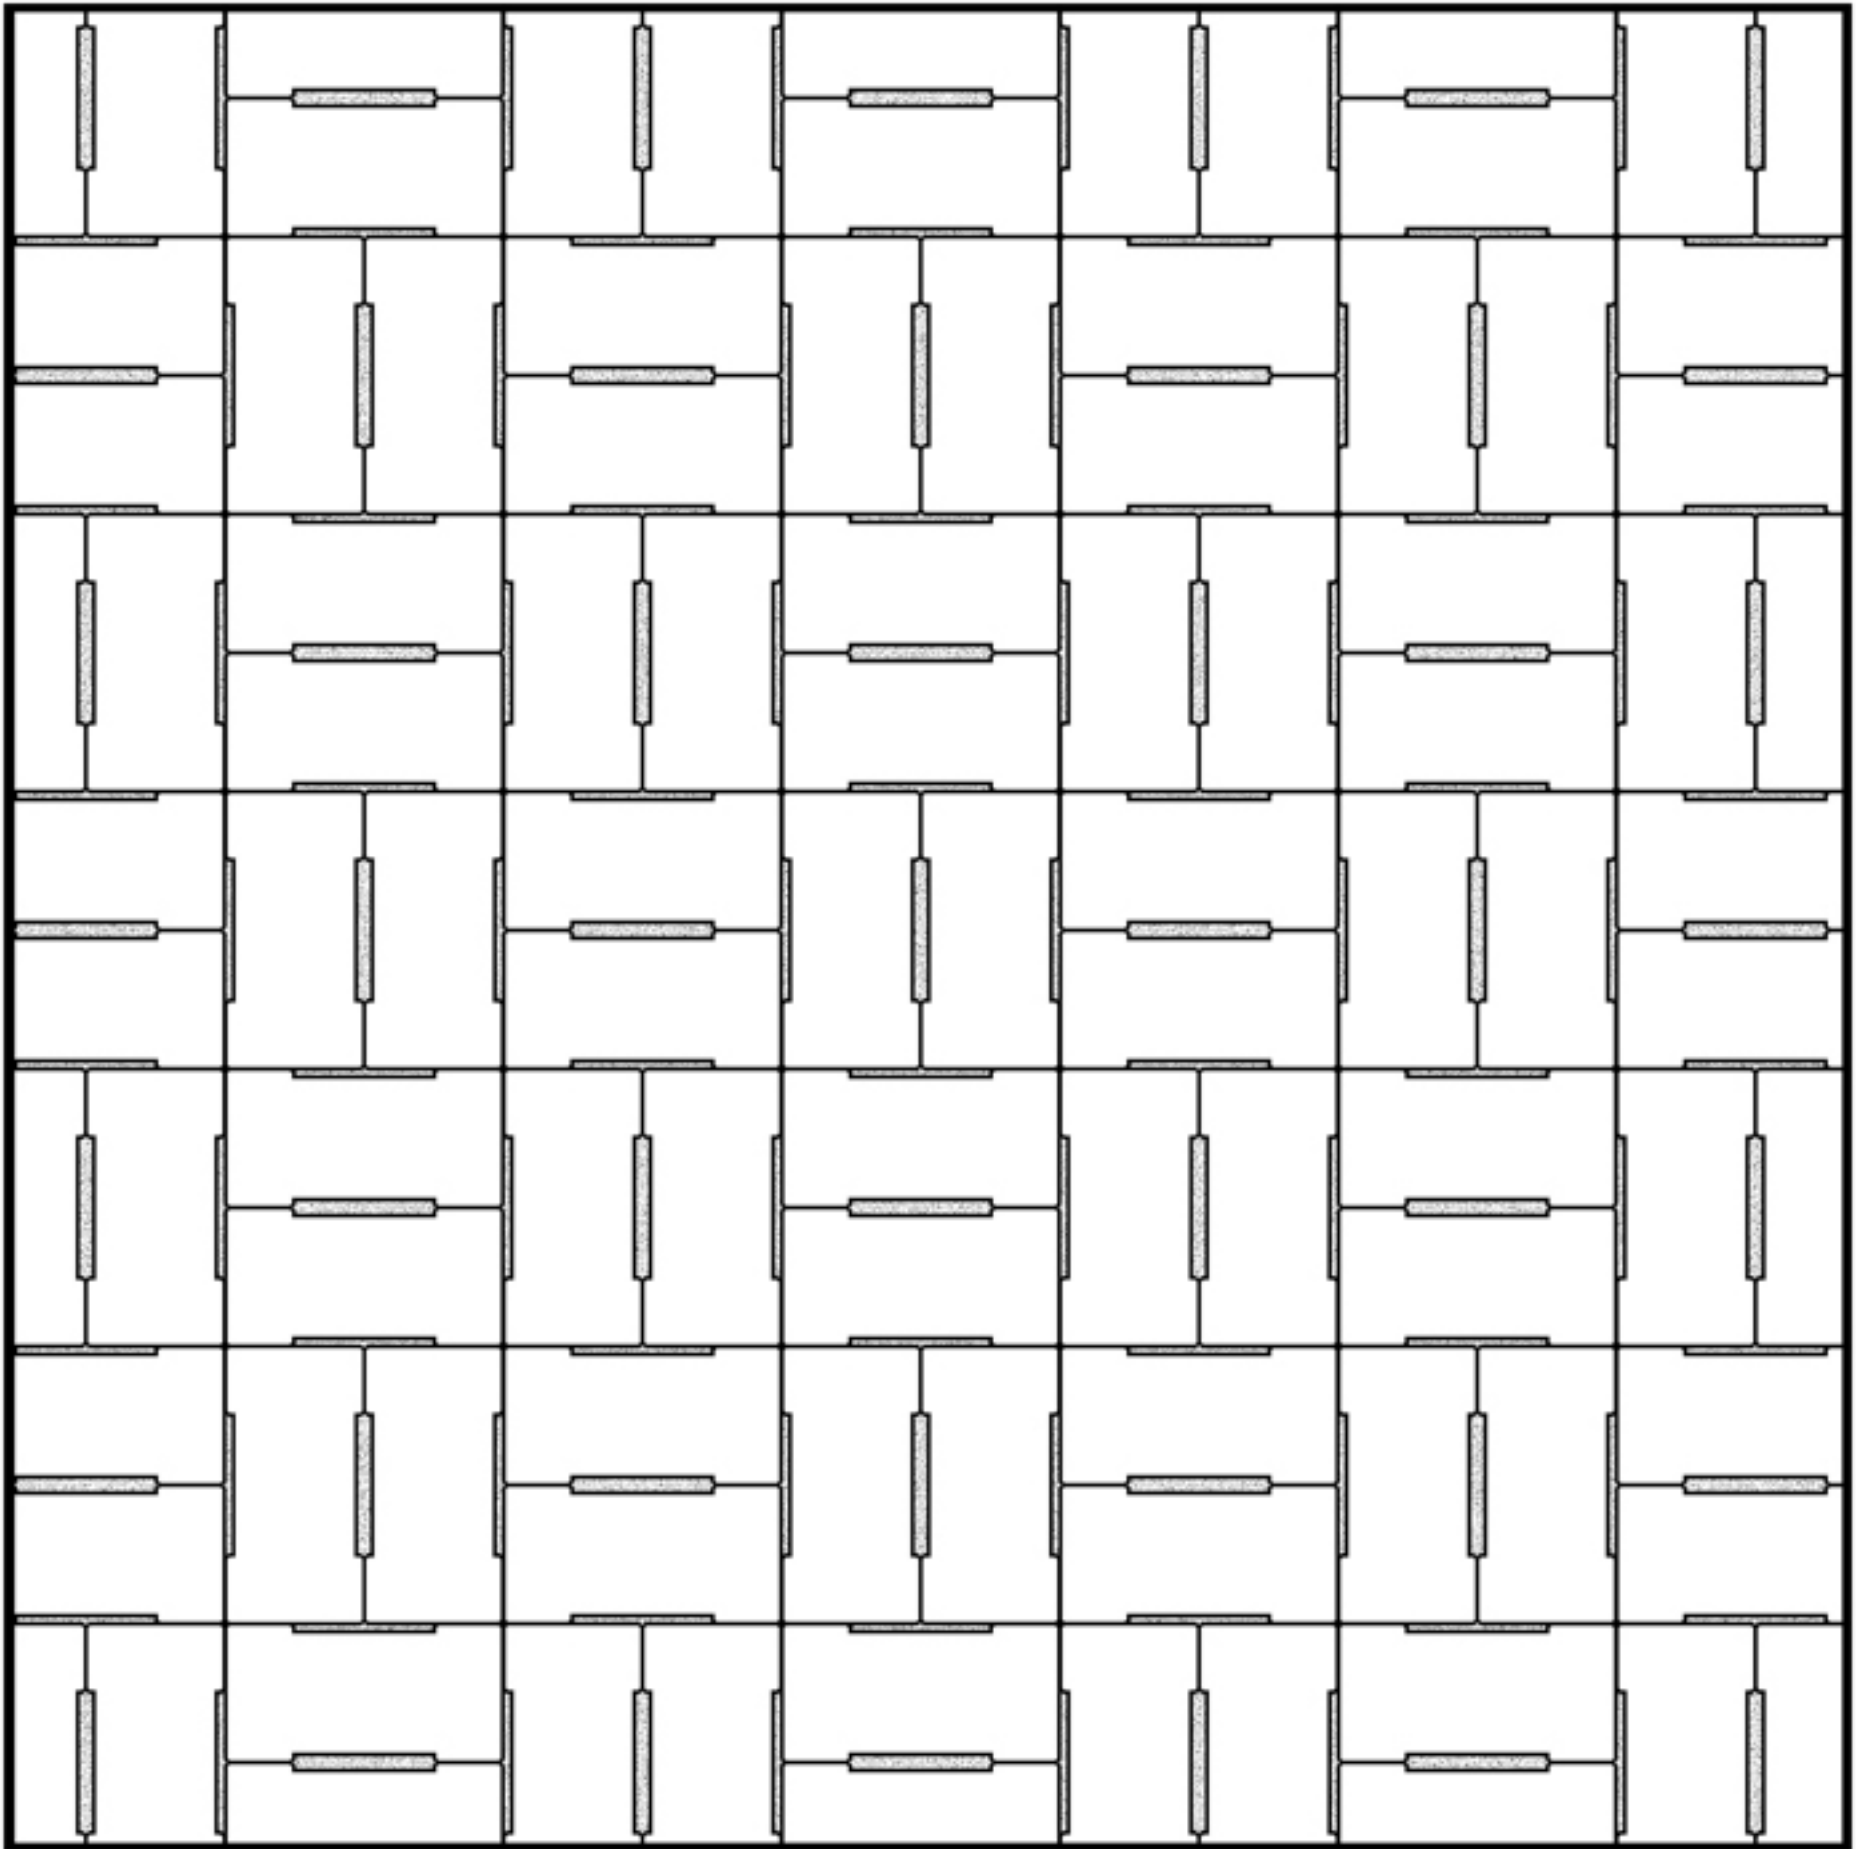

ECO-TEK™

Dimensions:
4" x 8" x 3 1/8"
(98mm x 198mm x 80mm)

0% Aperture Pattern

- This pattern is a non-permeable surface that meets ADA requirements.
- This pattern requires 4.8 pavers per square foot.

ECO-TEK™

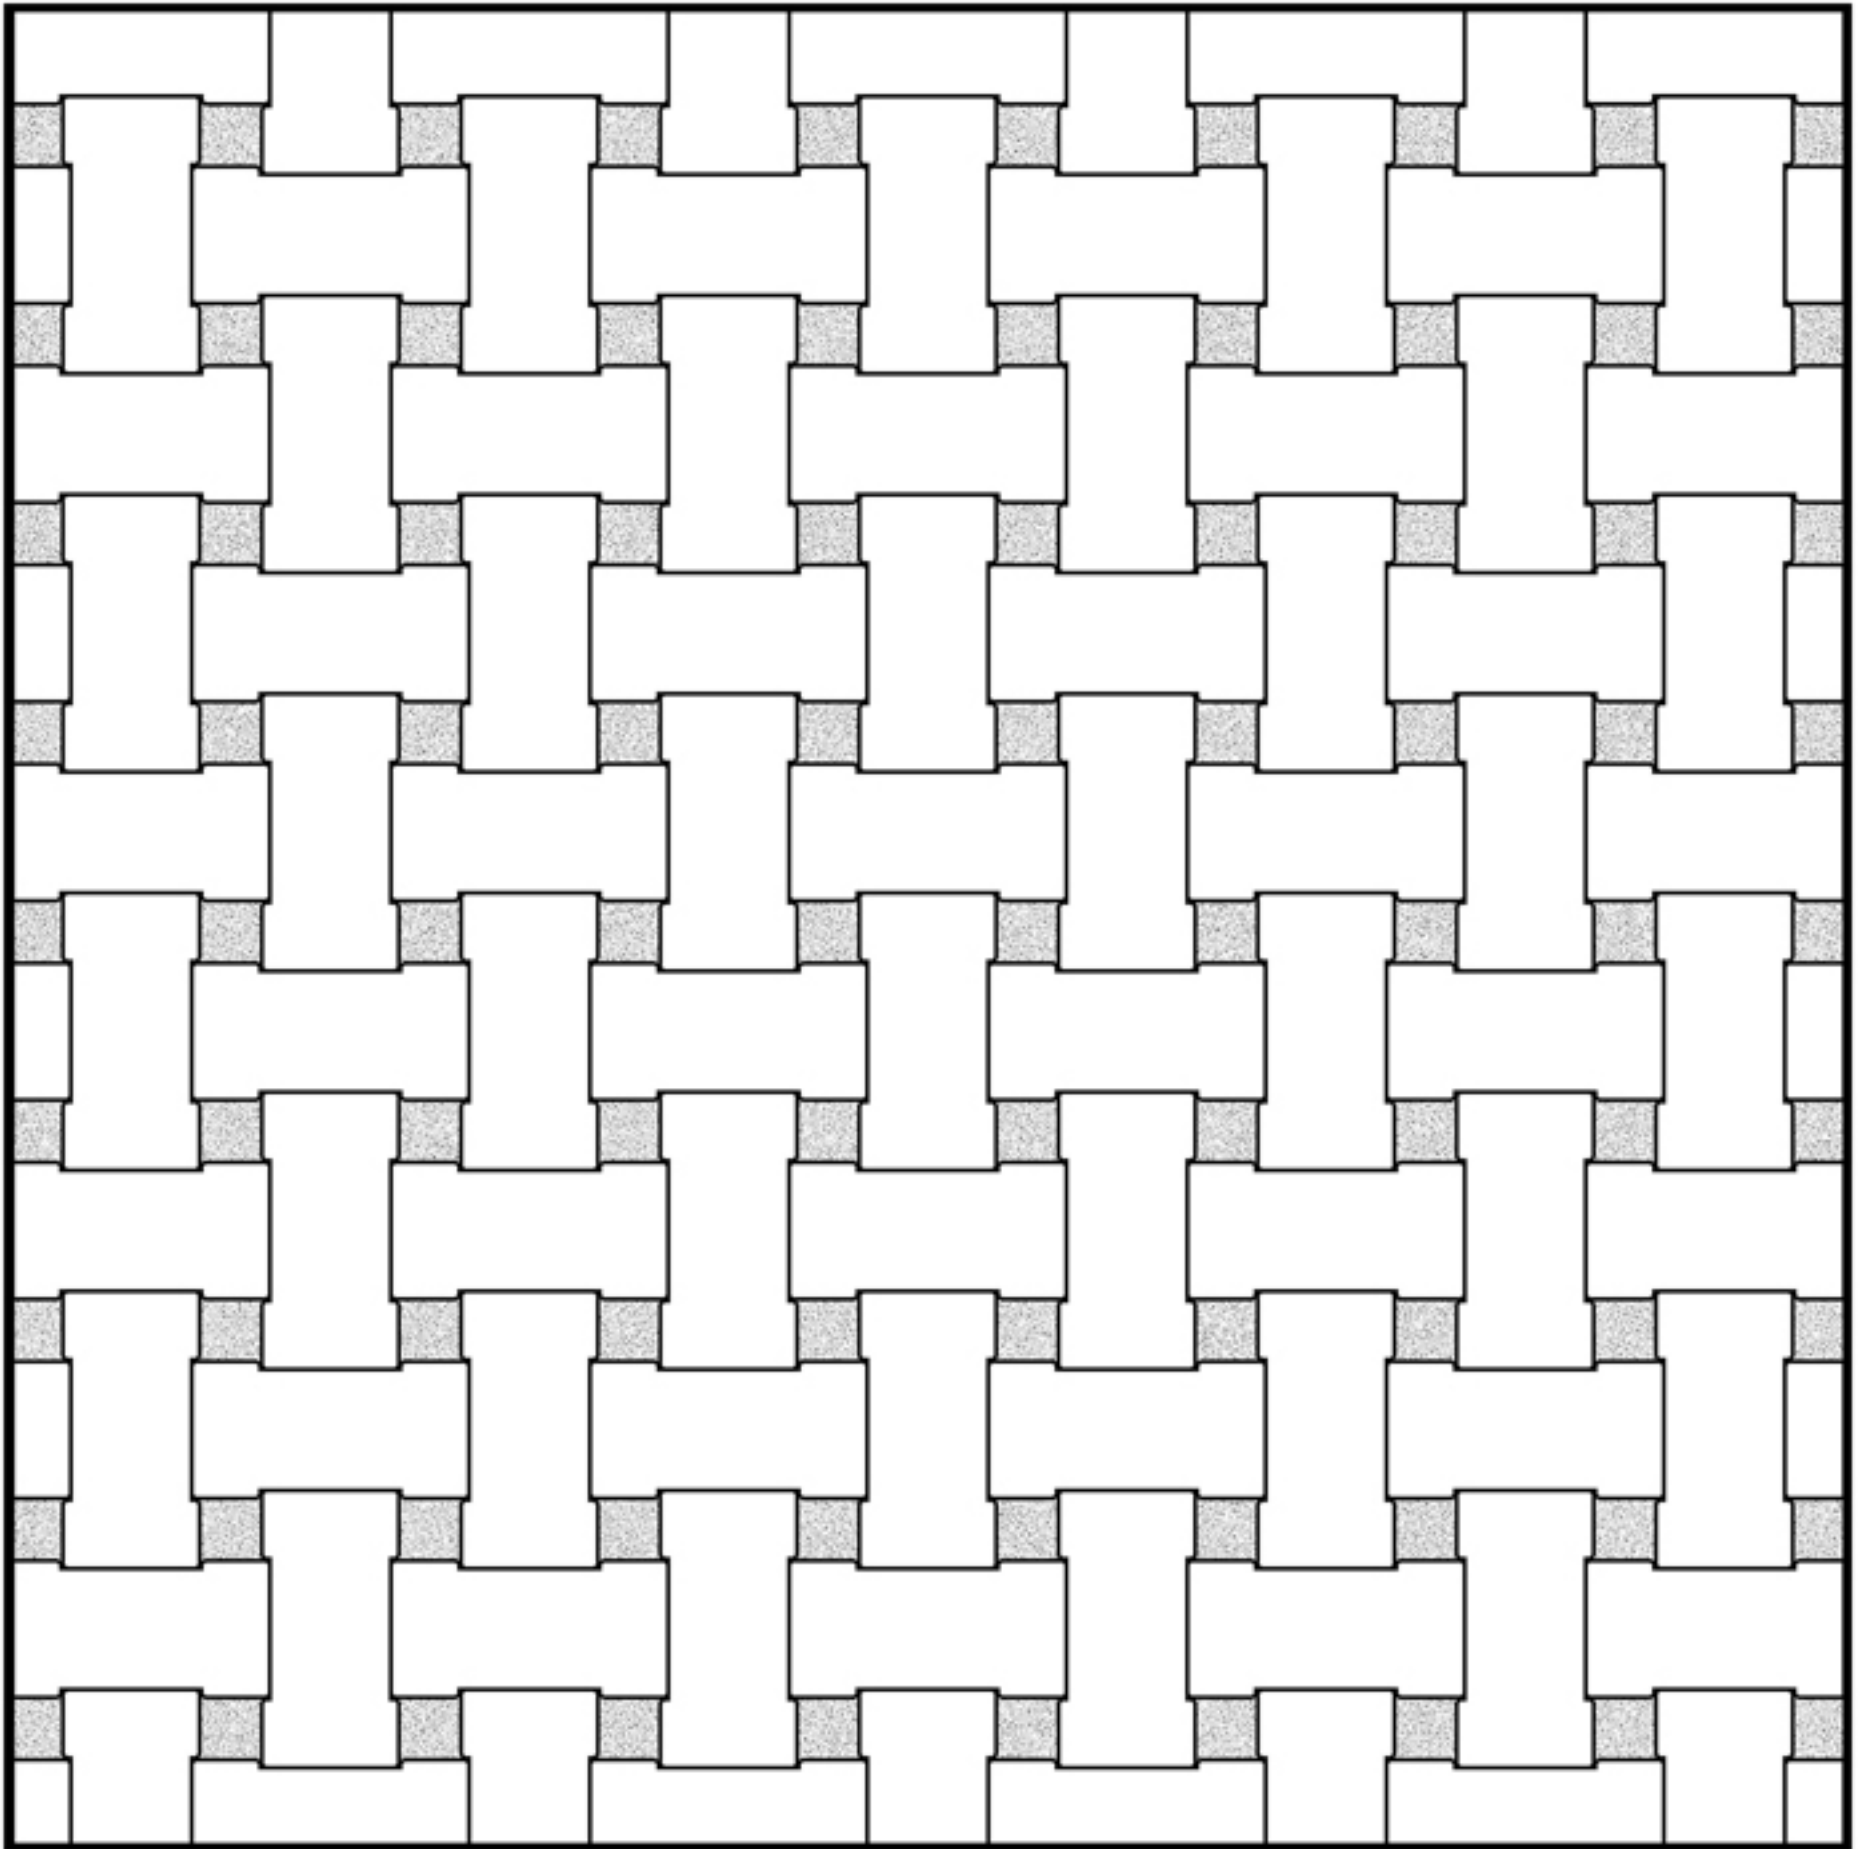

Dimensions:
4" x 8" x 3 1/8"
(98mm x 198mm x 80mm)

(Shaded areas represent aperture)

6% Aperture Pattern

- This pattern is a common aperture for high concentrations of pedestrian use with permeability.
- This pattern requires 4.5 pavers per square foot.

ECO-TEK™

Dimensions:
4" x 8" x 3 1/8"
(98mm x 198mm x 80mm)

(Shaded areas represent aperture)

9% Aperture Pattern

- This pattern is often used in mixed use areas (Vehicular and Pedestrian) with permeability.
- This pattern requires 4 pavers per square foot.
